

I am a K-Love listener and supporter. I am concerned about the possibility of K-Love losing its place on the air. We listen to K-love whenever we are in the car, which is often. We are encouraged to live peaceful and joyful lives through the wonderful music and wisdom we hear. It's nice to have a positive influence over our lives through K-love. Our country needs K-love to stay positive in this negative filled world. It reminds us that God's love is real and if we just choose it we find His peace. I can't think of anything more important than passing on that message to the millions of listeners who support and listen to it each and every day. Thank you for the opportunity to tell you how much K-love means to our family, our city and our nation.
